INTRODUCTION

This book contains the marriages performed at St. Joseph's Church, Biddeford, Me. Each entry gives the names of the spouses and of their parents and the date of the wedding. I added the date and place of baptism. Also I added when it was the case that the spouses were not of Biddeford, the name of the city where they were living at the time of the wedding.

So this book shows us where the spouses were from at birth and where they were married and where they were living at the time of the wedding.
